A Few Acres of Snow allows readers to experience early Canadian history in the words of those who first explored, created, and documented the nation. Providing coast-to-coast representation and featuring a diverse range of social groups, the editors offer a refreshing look at the major events leading up to and including Confederation.

Throughout, they rely on a careful selection of personal, formal, and legal documents to tell the story, including early travel narratives, literary writings by Susanna Moodie and Catherine Parr Trail, government reports on slavery in Canada, official letters on Irish immigration, and newspaper

articles and speeches on the creation of the Dominion of Canada in 1867. In this trim new edition, each document is introduced with biographical information about the creator. Brand new chapters discuss the Loyalists in Nova Scotia, the War of 1812, and the Beothuk. Also new is a guide to critically reading and engaging with historical documents.

Canada : A History offers a flowing story with its infusion of people, including marginalized groups, into its rich narrative. Canada is unique in its presentation of Canadian history by making the story of the majority of the people equally important to the story of its leaders, and by demonstrating the ways in which each affected the other. Offering a balanced coverage of economic, political, social, and cultural

history, as well as regional versus national history, this text provides a distinctively comprehensive view of Canada and her history.

This concise history recounts the story of Canadian labour from the nineteenth century to the present day. First published in 1989, it has been updated to include new developments in the world of labour up to 1995.

The second edition of *A Country Nourished on Self-Doubt* demonstrates that the raw materials of Canada's past provide extraordinarily engaging and informative insights into the richness of Canadian history.

Throughout his lively and opinionated history, award-winning author H.V. Nelles takes us on a whirlwind tour of the Canadian land and inhabitants from the earliest human occupation to the present. Canada's enduring theme, he argues, is transformation. The country has undergone several fundamental changes—from Aboriginal occupation, to French and British colonization, to the rise of an independent nation—and it is doing so yet again. Fully revised throughout, the second edition includes a new chapter that unpacks the challenges Canada has faced in the twenty-first century, from Canada-US relations post 9/11 to the geographical consequences of global warming.

indispensable short history of Canadian painting. This new edition has been extensively revised and expanded to reflect new information and new interpretations. The first edition studied Canadian painting through 1965, masterfully combining visual description, anecdotes, and aesthetic evaluation with full accounts of the careers of most of the leading Canadian painters, beginning in the French colonial period. The second edition covers events through 1980, with a new long chapter covering the crucial intervening fifteen years that saw developing in Canada a tremendous interest in other art forms, and an apparent waning of interest in painting. Reid contends that this was not so, and traces the contributions of established artists who produced steadily in the period as well as new arrivals on the scene who have

work. This book focusses on the working class in Canada; its history, its politics, and its social groups. This is a strong collection which includes articles on the impact of various factors on the history of labour, such as environment, race, and gender.

Confederation may have established Canada ' s nationhood in 1867, but the relationships framing Canada ' s modern existence go back much further. Employing a unique socio-historical perspective, *Canadian Society in the Twenty-First Century* examines three formative relationships that have shaped the country: Canada and Quebec, Canada and the United States, and Canada and Indigenous nations. Now in its fourth edition, this engaging text offers students an overview

of Canadian society through a series of connections rather than a collection of statistics. Trevor W. Harrison and John W. Friesen weave together complex aspects of the nation's economic, political, and socio-cultural development. They guide readers to use this interdisciplinary framework to consider some of the tough questions that Canada is likely to face in adjusting to demands and challenges in the next few decades. Reflecting the most current scholarship in the field, this revised edition features new discussions on issues such as the current crisis of neo-liberal globalization, Canada's petroleum industry, global warming, the Wet'suwet'en dispute in 2020, and the COVID-19 pandemic. Exploring the unique character of Canada today, this text is a vibrant resource for sociology courses on Canadian society as well as
