*Applications*  
This is best communication because we can express his feeling direct in front of other person. If we have any doubt on the questions of the speaker, we can immediately clarify that question.  
Non-Verbal Communication

## *Communication Plays An Important Role In Our Daily Life*

Communication is a process of sending and receiving information among people. Humans communicate with others not only by face-to-face communication, but also by giving information via the Internet and printed products such as books and newspapers. Many people believe that the significance of communication is like the importance of breathing.
