Combines text and original artwork in a meditation on memory, childhood, nostalgia, and home that reflects on vintage photographs from the Museum of Modern Art.

I'm telling you why we broke up, Ed. I'm writing it in this letter, the whole truth of why it happened. Min Green and Ed Slaterton are breaking up, so Min is writing Ed a letter and giving him a box. Inside the box is why they broke up. Two bottle caps, a movie ticket, a folded note, a box of matches, a protractor, books, a toy truck, a pair of ugly earrings, a comb from a motel room, and every other item collected over the course of a giddy, intimate, heartbreaking relationship. Item after item is illustrated and accounted for, and then the box, like a girlfriend, will be dumped.

"Some artists use canvas to create a work of art. David Mellor uses a baseball field. His patterns are so precise and imaginative, I call him the Rembrandt of groundskeeping."--Bob Uecker, Milwaukee Brewers Broadcaster. Now you can transform your sports field or clubhouse lawn into an envy-grabbing work of optic art. In this book, David Mellor, currently the director of grounds for the Boston Red Sox Baseball Club, shares the turf mowing and maintenance secrets that have made him one of the leading creators of elaborate patterns used on athletic turf nationwide. He gives you the benefit of his years of experience along with simple-to-use techniques for creating playing fields that are a cut above the rest.--From publisher description.

Hurry Up and Wait, the second volume in a new series of collaborations between artist Maira Kalman, author Daniel Handler (a.k.a. Lemony Snicket), and The Museum of Modern Art, New York, is a whimsical collection of images that capture people in motion or not. In snapshots by the likes of Lee Friedlander, Stephen Shore, Philip-Lorca diCorcia, Dorothea Lange, Garry Winogrand, Helen Levitt, Henri Cartier-Bresson and Walker Evans, some people stride forth, dash across streets, race on bicycles, and jump over puddles, while others form snaking lines, daydream on park benches, and linger on sidewalks with friends. So whats the rush? With 11 new vibrant illustrations by Kalman inspired by photographs in MoMAs collection, and thought-provoking prose by Handler that ponder the merits of action, Hurry Up and Wait is a spirited reflection on the daily rhythms of life.

Winner of the Alex Award "Mike Muñoz Is a Holden Caulfield for a New

Millennium--a '10th-generation peasant with a Mexican last name, raised by a single mom on an Indian reservation' . . . Evison, as in his previous four novels, has a light touch and humorously guides the reader, this time through the minefield that is working-class America." --The New York Times Book Review For Mike Muñoz, life has been a whole lot of waiting for something to happen. Not too many years out of high school and still doing menial work--and just fired from his latest gig as a lawn boy on a landscaping crew--he's smart enough to know that he's got to be the one to shake things up if he's ever going to change his life. But how? He's not qualified for much of anything. He has no particular talents, although he is stellar at handling a lawn mower and wielding clipping shears. But now that career seems to be behind him. So what's next for Mike Muñoz? In this funny, biting, touching, and ultimately inspiring novel, bestselling author Jonathan Evison takes the reader into the heart and mind of a young man determined to achieve the American dream of happiness and prosperity--who just so happens to find himself along the way.

Only one thing is standing between you and a fabulous lawn: It's called Lawn Care For Dummies. If you want a spiffy and well-coifed lawn (and not the overgrown, unruly one that people comment on when they pass by your house), you'll find everything you need to know to help you make your lawn the most dazzling spectacle on the block. Let authors Lance Walheim and the gardening experts at the National Gardening Association treat you and your yard to a megadose of lawn care information. In Lawn Care For Dummies, Walheim and the NGA give you the dirt on all the essentials, including how to \* Design a low-maintenance or a high-maintenance lawn \* Evaluate the pros and cons of planting a lawn from seed or starting one from sod \* Discover how often you need to water your lawn without under-watering it or waterlogging it \* Choose a mower that's right for your grass type \* Deal effectively with wicked weeds and pesky insects \* Create alternative lawns, such as ground cover plants, decks, and patios Lawn Care For Dummies also features a beautiful color insert with photos illustrating the various types of lawns found in yards across the world.

Can a photograph capture the sensation of a warm spring breeze or the smell of freshly fallen snow? *Weather, Weather*, the third volume in a series of creative collaborations between renowned artist and bestselling author Maira Kalman, New York Times bestselling author Daniel Handler (aka Lemony Snicket), and The Museum of Modern Art, New York, is an evocative exploration of the physical environments captured in photographs from around the world. From the rainy streets of Paris to a sun-dappled pool in Beverly Hills, from steamy summer sidewalks in Brooklyn to snow-covered fields in Japan, the photographs depict much more than what first meets the eye. Featuring vibrant new paintings by Kalman inspired by these photographs and poetic prose by Handler that bring the images to life, *Weather, Weather* is a tender reflection on the passing of seasons, perspective, and memory.

The Calder Circus comes roaring into town to razzle dazzle those of all ages.

winning author Thomas King. Alberta, Eli, Lionel and others are coming to the Blackfoot reservation for the Sun Dance. There they will encounter four Indian elders and their companion, the trickster Coyote—and nothing in the small town of Blossom will be the same again. . . .

On July 10, 1981, David Mellor was just a baseball-crazed kid, a star high school pitcher preparing to go to college and dreaming of one day taking the mound in Fenway Park for his beloved Boston Red Sox. His dream was derailed as he crossed the parking lot of a McDonald's. He heard the racing engine, but couldn't defend himself against the car coming straight at him. It sent him flying through the air and into a wall, where it hit him again and pinned him, severely damaging his knee and destroying his hope of ever being a Major League pitcher. In the wake of the accident, even as he reached the major leagues as a groundskeeper, David was tortured by the aftermath of his injuries and additional traumas, including being struck by a car again, this time in the outfield of Milwaukee's County Stadium while he was working on overhauling the field for the Milwaukee Brewers. He suffered terribly from anxiety, nightmares and flashbacks, completely unaware that he was experiencing the debilitating symptoms of Post-Traumatic Stress Disorder, commonly known as PTSD. *One Base at a Time* recounts in vivid detail his subsequent twenty-nine-year struggle with PTSD. This harrowing but inspiring story, documents the remarkable journey of a man debilitated by physical and psychological injuries who refused to give up even when everything seemed hopeless. After a fortuitous event, he admitted to needing help, sought effective treatment and turned his life around. It's a powerful, helpful outline of the steps one needs to take to overcome the powerful hold PTSD has on one's life. *One Base at a Time* is a must read for anyone suffering in silence or anyone who knows someone suffering in the wake of severe traumatic events. Those who seem broken can be fixed and live a happy, fulfilling life. "Dave is a truly unique person. His passion, hard work, creativity, and love for baseball gives life to Fenway Park. It gives intensity to us as ball players and pushes us to put on a show night after night. Dave is as much a part of the Red Sox team as anyone and his life and the adversity he has overcome is really inspiring."—David "Big Papi" Ortiz "The true star of Fenway Park is not one of the Red Sox players; it is the esteemed groundskeeper David Mellor. This is a powerful memoir, taking David from his days as a potential big league pitcher through the time when, after his dreams came to a traumatic halt, he battled PTSD and eventually returned to the diamond after conquering his demons. It is an inspiring story, and I encourage all baseball fans to read this motivating book."—Tom Werner, Chairman of the Boston Red Sox "Every now and then someone really special comes into your life. David Mellor is one of those special people. Whether he's hand cutting the infield grass or making it possible for 30,000 people to run across the plate at Fenway you know you are in the presence of greatness. If you feel the need for inspiration or motivation, read his book, get up off the couch and get back in the game."—Lenny Clarke, Comedian/Actor "David's long battle with PTSD and chronic debilitating pain, all while he worked a demanding job full time, is a powerful story that will help many who suffer silently with these conditions. You cannot help but be captivated and inspired by his road to recovery, fueled by a determination to never give up, never give in." —Padma Gulur MD, Professor of Anesthesiology, Vice Chair, Operations and Performance, Department of Anesthesiology, Duke University "The reality is that PTSD is not only found in men and women returning from battle. It rears its
