Put all of the ingredients in a bread maker and set to the dough cycle. (Choose a cycle that both kneads and rises the bread.) Watch the dough as it kneads and add a bit more flour or a little water if necessary to have a smooth, non-sticky ball of dough. When the dough/rising cycle is done, take the bread out of the bread maker and form into a loaf. Place in a small loaf pan (8½ x 4½ -inch).
